

## Participate in a **Research Study on Vestibular Schwannoma (Acoustic neuroma)**

You may be able to participate if:

- You have been recently diagnosed with a **Vestibular Schwannoma (acoustic neuroma)**
- Have **not** yet decided on a treatment plan

Participation in this study will involve:

- Completing 6 short surveys. (3 in the beginning, 3 at the end, not including a screening survey and e-consent form)
- Using a user-friendly table listing information on the pros and cons of each Vestibular Schwannoma Treatment Option.
- Informing us when you have come to a treatment decision.
- Receiving a \$25 gift card.
